## Second Sunday of Lent

While he was still speaking, a cloud came and cast a shadow over them, and they became frightened when they entered the cloud. Then from the cloud came a voice that said, "This is my chosen Son; listen to him." – Lk 9:34-35

### Matthew 25 Year of Mercy

Many icons depicting Jesus' transfiguration bear the Greek title *Metamorphosis*, a technical term also for nature's spring-time transformation. Fittingly, this Jubilee Year of Mercy coincides with the Lectionary's Year of Luke, for only Luke specifies Moses and Elijah speaking about Jesus' "exodus that he was going to accomplish in Jerusalem" (Luke 9:31). Israel's exodus liberated from slavery; Jesus' exodus liberates from sin's living death of selfishness. Pope Francis suggests that Lent's prayer, fasting, and works of charity can transfigure the world, if Christians translate Isaiah's challenge into our daily lived experience of Jesus' life-giving exodus by releasing those bound unjustly, setting free the oppressed, sharing your bread with the hungry, bringing the afflicted and homeless into your house, clothing the naked, not turning your back on your own. "If you remove from your midst oppression, and malicious speech . . . then light shall rise for you in the darkness . . . you shall be like a watered garden, like a spring whose water never fails" (Isaiah 58:9, 10, 11).

**It's all about Sunday Mass**

Liturgy, evangelization link focus of Synod Initiative  
*Fewer Masses could 'maximize' participation*

- One of the suggestions offered in "Evangelization and the Sunday Mass" is for parishes to "consider reducing the number of Sunday Masses offered to pre-serve the energy of the priests and ministers and to maximize participation from full pews."
- Acknowledging the emotions "attached with our faith, our parish, our Mass times and even the time we go to Mass, Fr. Phillip Bogacki, pastor of Christ King and St. Bernard, both in Wauwatosa, knows this is a sensitive topic.
- "Unfortunately any minor adjustment of Mass times for some people can be a source of pain, he said. "They are difficult moves to make, but they are moves that need to be made, if we're going to survive in a way that is healthy, in a way that is vibrant. When convenience is a factor in our decisions concerning these things, we're going to make poor decisions.
- Fr. Bogacki noted that reducing the number of Masses is not "something we're pushing in a strong way, but it's a question that should be raised." "We always need to look at quality over quantity. The reality in the Archdiocese of Milwaukee and in most individual parishes, we have far more Masses than is necessary for the number of people who actually come to church," he explained. It stretches our priestly resources, our pastoral resources and that of many lay volunteers."
- Fr. Bogacki sees it as quality over quantity. "We can spend a lot of energy getting ourselves tired to celebrate the number of liturgical celebrations that might not be high quality rather than focusing on a lower quantity but a higher quality," he said. "Whether we have enough priests or not, it's better (to have fewer Masses). It's also a reality that when a parish is fuller and there's a greater number of people celebrating the Mass, that it really creates a higher quality celebration."
- Susan McNeil, director of the archdiocese's Nazareth Project at the John Paul II Center for the New Evangelization, noted that as part of the Archdiocese of Milwaukee's 2020 Plan, approved by Archbishop Jerome ListECKI in 2012, many parishes - some with identical Mass times - will be clustered.

That is where we need to work past parochialism and get to a sense of different parishes having different Mass times to help ease that and that we share people with one another so we don't own parishioners in a sense," she said. (Article by Brian Olszewski, reprinted with permission of Catholic Herald.)

- For several years, our St. James Prayer and Worship Committee, Staff, and Pastoral Council have grappled with the situation of lower attendance at Mass during the summer months.
- We are working on a plan for this coming summer to consider the Synod suggestion mentioned in the article above. Whatever determination is made will include a process that allows for parishioners to offer their input so that the parish leadership is mindful of all in their decision-making. Whatever changes may occur would be for this summer on a trial basis and then evaluated.
- *A passerby saw a woman carrying an ape in her arms. "I just bought this little fella as a pet. You see we don't have any children, so he's going to live with us, just like one of the family. He'll eat with us and sleep in the bed with me and my husband." The passerby said, "But what about the smell?" "Oh," she said, "he'll have to get used to it just like I did."*

**St. James Community Gardens**

As you may know, road reconstruction in Sussex will mean that the offices of the SOS Food Pantry and their nearby gardens will be torn down. In the spirit of recycling, the Food Pantry is offering to give their supplies to us. They are donating 3 cedar raised beds, tomato cages, metal posts, compost bins, several large planters, and a 50 ft. wire trellis. It is a gracious gift and we gratefully accept and acknowledge their offer.

In the Help Wanted department, we are looking for a Brookfield resident willing to be a 'chaperone'. Bill Spankowski is a parishioner who is offering to help finish the front of the retaining wall of Holy Ground garden, but he has lost his connection to the Brookfield dump and is asking for help (i.e. a chaperone) to accompany him so he can access the dump for compost and wood chips. If you can help, or for more information, please contact **Bill Spankowski at 262-783-5199 or email him at [wspankowski@wi.rr.com](mailto:wspankowski@wi.rr.com)**

Finally, we are looking for volunteers willing to help get our seedlings growing. We hope to get them planted by March 1st so they will be ready for sale (see below) and transplanting. We provide the supplies; you provide the space, water and 6-8 hours of (indoor) daily sunshine. If you are interested, contact Paul using the information at the end of this article.

As you can see, we really are blessed with the community around us and we are sincere when we say that we cannot do this without you. No project of this kind is the work of a few, it is always the work of many. Plan to join us at our **annual plant sale coming May 21/22**. We look forward to seeing you.

If you have any questions, comments or suggestions, feel free to contact **Paul Schneider at (414) 587-1202 or [pschneider@wi.rr.com](mailto:pschneider@wi.rr.com)**

**Keeping Pharmaceuticals Out of Our Drinking Water**

Low levels of pharmaceuticals including antibiotics, hormones [oral contraceptives], mood stabilizers, and other drugs are getting into our drinking water supplies. **How do they get there?** By flushing unneeded meds down toilets and from the excretion of urine and feces by humans and animals after taking medications. Concerns were raised by scientists when fish were found with both male and female characteristics. For instance, some fish had both testes and an ovary. **What can we do?** It's simple, don't take unneeded pharmaceuticals and dispose of unneeded pharmaceuticals properly. Pharmaceuticals can be disposed of properly at the Sussex Public Safety Building at N63W24335 Main St. \*Place in the Lobby Drop Box Mon-Fri from 8 am to 5 pm and at Pewaukee City Hall at W240 N3065 Pewaukee Road, Pewaukee \*Place in Lobby Drop Box Mon-Fri 8 am to 4:30 pm.
