#### WHAT DOES BEING PRO-LIFE MEAN?

Be honest, when someone says "I am pro-life", some of us immediately think they are against legalized abortion, and we would be correct. But is that all being "pro-life" really means? Please read on.

Cardinal Joseph Bernardin, the former archbishop of Chicago, was a champion for pro-life. However, in contrast to the singular stance against abortion, Cardinal Bernardin was "pro-all-life". He was best known for his teaching about what he called "the seamless garment". Cardinal Bernardin reminded us that our church believes that all life, given all are created by God, has intrinsic value and dignity. Our belief therefore is seamless - as in continuous, whole, complete, undivided. As Catholics, we believe that there is a seamless

dignity of life connecting all life from conception to natural death. What Cardinal Bernardin refers to as the "seamless garment", the church refers to as the Consistent Life Ethic.

In practical application, what does this mean? It means we need to be more consistent and seamless with our laws and policies. It means that we should be concerned about protection of the child in the womb, as well as the child starving from hunger and malnutrition. It means we should be looking for ways to eradicate war, and wipe out euthanasia. It means we should oppose capital punishment, and reform our prison system providing opportunities to reform lives. It means that we should be concerned for the well being of the homeless in Milwaukee, including those in Tent City facing a long cold Wisconsin Winter on the streets. I bet you can add to this list - it is long. The need for human dignity is great.

Something else we believe in, sisters and brothers, is the power of prayer. We have an opportunity to spend some time before God, in the presence of Christ in the blessed-sacrament, to pray for life – all life.

For almost 10 years now the permanent deacons across the archdiocese hold a Holy Hour For Life. In our area, we will do so again.

Tuesday October 29 6:00 PM Historic Chapel at St. James

Please consider joining us, and a good number of our youth from our Christian Formation programs, as we ask God to guide and inspire us in this important and holy work ... to advocate for dignity and respect for all life. Amen.

Deacon Sandy Sites

Parish Director and Advocate for Life

### **Your Ministry**

Your Pastoral Council has agreed upon a process to reach you with an invite to share any interest you have in the St. James community being more welcoming for people with disabilities and doing additional things for, with, and by people with disabilities. Do you believe that St. James has reached full potential in what we do for people with disabilities?

Are there ideas you have in how St. James can just plain be better for a guest with a disability? Do you see improving what we do for people with disabilities as a way to grow our congregation? Do you feel we are effective in reaching people with disabilities in our greater community and that they are welcome here?

If this is a conversation that you find worth having, please contact Kurt, Sue, and Alana Roskopf 262-372-1754 kurt@abilitynow

### A Note from Brigitte Glinski, Parish Nurse

That steaming cup of coffee in your hands may hold the keys to a long, healthy life, scientists say.

Researchers at the National Cancer Institute (NCI) report that older people who drink coffee are less likely to die from heart disease, stroke, diabetes and respiratory disease than their non-java drinking counterparts.

The study followed 400,000 men and women between the ages of 50 to 71 beginning in 1995 and continued until 2008 or when the participant died. Scientists found the connection between reductions in risk factors increased with how much coffee was consumed. Whether the coffee was caffeinated or not didn't seem to matter.

People who drank at least three cups a day lowered their risk of death by 10 percent compared to non-coffee drinkers. Exactly why coffee seems to help prevent these diseases isn't clear yet, researchers said.

If some are looking to the steaming black beverage to be a fountain-of- youth, health experts say living to a ripe old age and free of disease requires a balanced diet rich in fruits and vegetables, regular exercise, reducing stress not to mention having good genes.

Maybe one of the reasons that drinking coffee seems to be good for you is that it is a social beverage. When we want to meet up with others, we often do it over a cup of coffee. In our congregations, we may have "coffee hour" after services—a time to meet and connect with others. We know that being in positive relationships with others is key to good health. So call a friend and enjoy some coffee and a good chat. It's good for you!

### Prayer for an End to Human Trafficking Oh God, we didn't see them. But you did---

The hundred and thousands of human beings Trafficked each year to join the millions who are trapped in modern-day slavery. Under terrible conditions, they work in factories, plow fields, harvest crops, Work guarries, fill brothels, clean homes, and haul water. Many are children with tiny fingers for weaving rugs and small shoulders for bearing rifles. Their labor is forced, their bodies beaten. their faces hidden from those who don't really want to see them. But you see them all, God of the poor. You hear their cry and you answer by opening our eyes, and breaking our hearts and loosening our tongues to insist. No mas. No more. Amen
