30TH SUNDAY IN ORDINARY TIME

HUMILITY

"But the tax collector stood off at a distance and would not even raise his eyes to heaven but beat his breast and prayed, 'O God, be merciful to me a sinner.' " - Lk 18:13

WHAT DOES BEING PRO-LIFE MEAN?

Be honest, when someone says "I am pro-life", some of us immediately think they are against legalized abortion, and we would be correct. But is that all being "pro-life" really means? Please read on.

Cardinal Joseph Bernardin, the former archbishop of Chicago, was a champion for pro-life. However, in contrast to the singular stance against abortion, Cardinal Bernardin was "pro-all-life". He was best known for his teaching about what he called "the seamless garment". Cardinal Bernardin reminded us that our church believes that all life, given all are created by God, has intrinsic value and dignity. Our belief therefore is seamless - as in continuous, whole, complete, undivided. As Catholics, we believe that there is a seamless dignity of life connecting all life from conception to natural death. What Cardinal Bernardin refers to as the "seamless garment", the church refers to as the Consistent Life Ethic.

In practical application, what does this mean? It means we need to be more consistent and seamless with our laws and policies. It means that we should be concerned about protection of the child in the womb, as well as the child starving from hunger and malnutrition. It means we should be looking for ways to eradicate war, and wipe out euthanasia. It means we should oppose capital punishment, and reform our prison system providing opportunities to reform lives. It means that we should be concerned for the well-being of the homeless in Milwaukee, including those in Tent City facing a long cold Wisconsin Winter on the streets. I bet you can add to this list - it is long. The need for human dignity is great.

Something else we believe in, sisters and brothers, is the power of prayer. We have an opportunity to spend some time before God, in the presence of Christ in the blessed-sacrament, to pray for life - all life.

For almost 10 years now the permanent deacons across the archdiocese hold a Holy Hour For Life. In our area, we will do so again.

Tuesday October 29
6:00 PM
Historic Chapel at St. James

Please consider joining us, and a good number of our youth from our Christian Formation programs, as we ask God to guide and inspire us in this important and holy work ... to advocate for dignity and respect for all life. Amen.

Parish Director and Advocate for Life

Your Ministry

Your Pastoral Council has agreed upon a process to reach you with an invite to share any interest you have in the St. James community being more welcoming for people with disabilities and doing additional things for, with, and by people with disabilities. Do you believe that St. James has reached full potential in what we do for people with disabilities? Are there ideas you have in how St. James can just plain be better for a guest with a disability? Do you see improving what we do for people with disabilities as a way to grow our congregation? Do you feel we are effective in reaching people with disabilities in our greater community and that they are welcome here?

If this is a conversation that you find worth having, please contact Kurt, Sue, and Alana Roskopf 262-372-1754

A Note from Brigitte Glinski, Parish Nurse

Older adults who walk or jog perform better on memory tasks than those who are more sedentary, according to researchers from Boston University. The research showed that older adults who took more steps per day had better memory performance, while no change was reported in the young adult group. Researchers concluded that the effects of physical activity extend to long-term memory.

“Americans are living longer more than ever before,” says Sue Durkin, geriatric advanced practice nurse at Advocate Good Samaritan Hospital in Downers Grove, Ill. “This means that we need to take a more proactive role in our health, from eating nutritious meals and exercising regularly to stimulating our cognitive skills.

To maintain and improve cognitive skills in older adults, Durkin suggests engaging in interactive conversations, learning a new hobby or craft, playing games and solving puzzles.

St. James is here to help all people experience meaning and purpose in life.
