# NEW COVID TESTING SITE

January 6, 2022

*EPS of WI is a partnered company of City Partners, Inc.. We are happy to announce that St. James Catholic Church has partnered with EPS of WI and the Waukesha Health Department to provide COVID Testing to our area community.*

*The purpose is to provide relief to our area hospitals and clinics so they can focus on helping those who need it the most. Our goal by offering more testing is to limit the frustration of waiting in long lines. Due to the massive influx of COVID testing throughout the Country, the average turn around time is between 36-48 hours for results.*

*The St James Catholic Church site will be open Monday through Friday from 10am – 2pm beginning mid-January. Based upon St. James church community schedule, these hours may be adjusted.*

*This site is PCR testing only for all ages and no appointment is necessary.*

### **Important news!**

St James Parish has been asked to be a “Drive-up” Covid-19 Testing station for our Community to offer relief for our area hospitals and clinics. A start date is expected to be mid-January, exact dates and times are still being worked out. We are looking for parishioner volunteers to help hand out and collect the questionnaires and self test kits as people drive up to be tested. Gloves and masks will be provided and people will only be tested through drive up and must stay in their cars, **NO walk-ups allowed.**

Volunteers will be paid an hourly rate of \$15.00 per hour and may work as little or as much they want. This is a State of Wisconsin sanctioned station and all payroll costs, etc will be at no cost to St. James. St. James Parish will receive \$2.00 for each test that is done at our station. For more information please see our website or the flyer included with the January parish mailing or you may call or email Terri Weber in the Parish Office: 262-253-2259 or [tweber@stjames-parish.com](mailto:tweber@stjames-parish.com).
