ST. JAMES COMMUNITY GARDENS

You may have noticed colorful streamers on top of the fence of the Field of Dreams garden. That was an attempt to keep deer jumping the fence to eat our vegetables. It worked. Then another problem cropped up. All our vegetables in that garden were mowed down by woodchucks. It should not have been a surprise to us. The housing development north of the church by the grade school is driving all animals south towards the church. And we gave the woodchucks new housing with all our downed wood by the pond and a country buffet next to it with our garden – life is good (for woodchucks). We have set live traps to catch and relocate them. We just do not know how many there are. If we continue to plant in Field of Dreams, we may just be resetting the table at the buffet for them. So, our garden volunteers decided to abandon that garden for the season. It is getting late in the season to replant anyway. So, we will concentrate our efforts on the Holy Ground garden for the rest of this season.

If you have any questions, please text or call (414) 587-1202 or email: pschneider@wi.rr.com. Thank you for supporting our gardens, volunteers, and the CCOS food pantry.
